

Dear Dawn Mucci,

September 2019

It is my pleasure to congratulate you and your team of volunteers.

Municipal government's do incredible work for constituents across Canada. They are the most direct and tangible level of government to the average citizen, and have a uniquely close relationship with the communities they serve.

Throughout Canada, mayors work tirelessly to support their neighbours and protect the best interests of their city. Whether in a large urban centre, or a small rural town, these individuals go above and beyond to understand their home community, and represent the best interests of their constituents.

I am very pleased to see these important leaders recognized for their efforts. I hope this encourages mayors throughout the country to continue striving for greatness, and may the best mayor win.

I look forward to seeing this year's results, and wish you many more years of continued success.

Sincerely,

Hon. Doug Downey
MPP, Barrie-Springwater-Oro-Medonte
