Dear Friends,

As Leader of Canada's NDP, I wanted to offer my warmest greetings to all who are involved with the inaugural Canada's Top Mayor Award.

I am pleased to support such an initiative, and commend the organizers on their efforts to raise awareness about the important leadership and public service carried out by Mayors in our communities across Canada. Thank you to all the sponsors who are helping to promote this event, and ensuring its success.

When it comes to the day-to-day lives of Canadians, leaders in municipal governments have the largest impact of all levels of government. Civic leaders are directly engaged in the difficult challenges facing our country and must work on finding the solutions that will work for their communities. We owe a great deal of gratitude to Canada's Mayors in municipalities across this country – they roll-up their sleeves every day and build strong, vibrant communities that make Canada work.

On behalf of Canada's New Democrats, please accept my best wishes for a successful event.

Best regards,

Jagmeet Singh, MP Burnaby South
Leader, New Democratic Party of Canada
